EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

On line 1 of claim 16, please replace "A storage medium" to "A computer readable medium".

Allowable Subject Matter

2. Claims 1-3, 5-13, and 15-16 are allowed.

Claims 1, 15 and 16 are independent claims.

The following is an examiner's statement of reasons for allowance:

As to claims 1, 15 and 16, the present invention from the application discloses an apparatus, method and a control program comprises "(management means for) managing the user profiles of the plurality of users by causing a user profile to be corresponded to sender information of a user sending an E-mail; and (change means for) changing the managed user profile by using the E-mail sent by the user."

The closest prior art such as Austin (US Patent No. 5,689,625) discloses of adjusting an object of the plurality of printing objects based on a user profile. However, the prior art, including an updated electronic text search, fails to anticipate or render the above underlined limitations obvious.

Art Unit: 2624

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
